Education

Duke University	**Durham, NC**
Major: Computer Science	**expected May 2021**
Focus: Psychology and HCD	

Coursework: Experimental Interface Design;
Social Psychology; Human Centered Design;
Computer Architecture; Database Systems;
Data Structures and Algorithms; Intro to AI

Southside High School	**Greenville, SC**
IB Diploma Recipient & National AP Scholar	**June 2017**
Graduated with High Honors (top 5%)	

Experience

Juvo	**San Francisco, CA**
Design Technologist Intern	**May 2019 - Aug 2019**

Spearheaded study of interaction design and
micro-interactions in JuvoUP, a core Juvo
product with >5 carrier-specific,
international deployments reaching >180M
users. Created prototypes and shipped code.
Documented design-thinking process and
best practices in the Juvo Design System

Duke Center for the Study of Aging	**Durham, NC**
Web Development Intern	**Sep 2018 - June 2019**

Restructured site content on the Center's
WordPress site for clearer user flow. Set-up
Google Analytics and reported key metrics
to Business Manager

Huilo Huilo Foundation	**Neltume, Chile**
Front End Team Lead	**May 2018 - July 2018**

Oversaw a team of four Duke students. Led
a rapid 6-week ideation, UX research /
usability testing, and implementation cycle
that resulted in the deployment of 13
bilingual websites.
Key result: >900 unique Chilean users in a
town of <2000 permanent residents
